NEWS

A bike path spanning the entire East Coast

Since 1991, the East Coast Greenway Alliance has been working to link the entire East Coast with a connected bike path. The greenway currently consists of 850 miles of trail and winds through wooded hills, rocky coastlines, and sandy beaches, crossing through 450 communities in 15 States. Read more...

Safety tips for summer hiking

With summer in full swing, hiking is a popular activity for individuals and families to enjoy the outdoors. Whether you have been hiking for your entire life or are just starting out, taking proper action to prepare will ensure a safe and enjoyable experience. Read more...

New trail brings accessibility to Easthampton, Massachusetts

The Pascommuck Conservation Trust recently opened the Mutters Field Accessible Trail in Easthampton, Massachusetts. The accessible, non-invasive trail loops around the scenic Mutters Field meadow and connects to the conservation trust's existing Brickyard Brook Conservation Area trail system. Read more...

FEATURES

Manayunk Bridge is Philadelphia's newest trail link

Philadelphia trail enthusiasts celebrated the opening of the over half-mile trail on the Manayunk Bridge over the Schuylkill River. To many, the massive bridge has always been the symbol of Manayunk, a historic community six miles north of Philadelphia's downtown. Read more and see photos...

Illinois Trail Corps aims to build better trails for less money

The Illinois Trail Corps model, presented by Trails for Illinois, seeks to counter the shrinking funding for trail projects by creating jobs for young adults who earn scholarships building trails. The goal of the program is to create a locally administered alternative to existing Federal and State trail grant programs at a cost that is affordable to public agencies with available funds. Connecticut

The Shetucket River flows through The Last Green Valley National Heritage Corridor in Windham and New London Counties. The water trail offers 20 miles of paddling within an hour’s drive of three of New England’s largest urban and metropolitan regions. The major tributaries of the Shetucket River, the Quinebaug River to the east and Willimantic River to the west, have previously been designated National Recreation Trails. Featured Recreational Trails Program project: Cochran Mill Park Trail, Georgia

The Cochran Mill Park Trail, located in Chattahoochee Hills, Georgia, offers trail users 18 miles of sustainable multi-use trails featuring stunning waterfalls, large boulders, wildflowers, and the ruins of three historic mills. The project began in 2013 and was funded by a $100,000 grant from the Federal Highway Administration's Recreational Trails Program, with the majority of the work being done by community volunteers. Read more and see photos of this RTP-funded project...
Featured Online Business Directory advertiser: MAADI Group, Inc.

The MAADI Group designs bridges for pedestrian, bicycle, and light vehicle use, plus cantilevered bridges, floating bridges and docks, marine gangways, aerial and floating platforms, and more for recreational, commercial, industrial, institutional, and maritime applications, indoors and outdoors. INTERNATIONAL TRAILS SYMPOSIUM
May 7-10, 2017 ~ Dayton, Ohio

American Trails hosts the next International Trails Symposium in Dayton, Ohio May 7-10, 2017!

For the second Symposium, we will feature the Professional TrailBuilders Association (PTBA) who will offer Sustainable Trails Workshops (including work on the Legacy Trail), provide a technical track, as well as showcase trail equipment that attendees can test out at the Outdoor Trade Show.

The Symposium addresses most aspects of trails, greenways, and blueways. Learn from dozens of educational sessions and mobile workshops, visit a state-of-the-art exhibit hall, and network with experts and enthusiasts from across the globe. The theme for the 2017 Symposium is "Trails Take Flight: Connecting People, Places, and Possibilities."

Thank you to our Honorary Partners to date:

- City of Dayton
- Five Rivers MetroParks
- Ohio Department of Natural Resources

New Dayton trails invite cyclists of all ages and abilities

Three new mountain bike trails are now open at Huffman MetroPark's mountain biking facility. The trails feature a "Tot Track" for younger children, "The Hilltop Flow" for all skill levels, and the most challenging trail offered called "The Talon." In addition to the new trails, the facility has a bike repair and cleaning station at the trailhead. Read more...

Interested in hosting the 2019 International Trails Symposium?

The deadline for proposals is September 15, 2016 and we anticipate making a decision by January 31, 2017. All of the details on what is requested of the host community and required in a proposal are outlined in the bid packet that is now available. Read more and download the bid packet...

INTERNATIONAL NEWS

Scotland introduces new snorkel trail

The Scottish Wildlife Trust recently created a snorkel trail in the North West Highlands, an area rich in marine life. The trail is currently self-led, with the hopes of creating a training program for locals to become qualified snorkel instructors, as well as a club to connect youth with marine wildlife. Read more and see photos...
Mega trail to connect ancient routes in the Balkans

Mountain enthusiasts, NGO’s, and private companies from the Western Balkans are planning a 2,000 km trail along the Dinaric Alps through a series of hiking, biking, and rafting routes. One of the goals of the project is to reopen ancient communication routes used by shepherds and merchants, which will in turn boost tourist potential and develop rural areas. Read more and see photos...
